ANDRONIS ARCADIA

Andronis Arcadia, Santorini

The newest addition to the Andronis family of hotels, Andronis Arcadia is an idyllic escape named after the mythical home of the god Pan, a place of natural harmony and enchantment. You'll certainly feel more relaxed and balanced after a stay here, away from the crowded caldera-side of Santorini, with just the island's unforgettable sunsets for company. At the heart of the hotel is a sizeable pool, lined with low-slung loungers and white, crocheted umbrellas, where DJs spin mellow beats and you can order tasty snacks including traditional mezze and sushi.
